WORK EXPERIENCE

Software Developer **iKono Telecomunicaciones**

Jun, 2021 - Present

In iKono I have worked on a project that helps other companies to connect to different social networks to manage their conversations. We developed different solutions including chatbots and APIs to connect to WhatsApp services.

Digital Electronics Assistant **Universidad Tecnológica de Pereira**

January, 2020 - December, 2020

I was chosen as a monitor of the subjects Electronics Laboratory and Digital Electronics to perform auxiliary functions of a teacher, in theoretical or practical aspects, required by the curricular development of the subjects.

EDUCATION HISTORY

Bachelors in Systems and computer science engineer **Universidad Tecnológica de Pereira, Colombia**

2022

- AI
- HCP
- Networks
- Software Engineering
